SAMe

Supra SAMe

(S-Adenosyl-L-Methionine Disulfate Tosylate)

Tablet for Pets

PRODUCT OVERVIEW

S-Adenosyl-L-Methionine Disulfate Tosylate (SAMe), is a naturally occurring compound that plays a crucial role in methylation processes within the body. It is synthesized from methionine, an essential amino acid, and ATP through a series of enzymatic reactions. SAMe has been extensively studied for its effects on mood regulation, liver health, and joint function. Furthermore, SAMe is involved in the synthesis of glutathione, an antioxidant that protects cells from oxidative stress and maintaining cellular health.

MAIN EFFICACY

- **Mood Support**
- **Joints Pain Mitigation**
- **Liver Health Assistance**

PRODUCT APPLICATIONS

- Dietary Supplements for Pets (SAMe PTSA)
- Medicines for Pets (SAMe NBSA)

OUR STRENGTHS

- **USP Standard**
- **No Chemically Synthesized Materials**
- **No Toxic or Harmful Solvent Residues**
